Time for a Regime Change, or Business as Usual?

The next board meeting is a week away: Tuesday, October 21, at 7 PM, at the home of Mike Bown, 1118 Matanuska Trail.

The offices of two Association Board Members are up for election: the Secretary (Ed. Floden) is at the end of his two-year term; and the Treasurer (Gerry Stueckemann) is still holding that position "temporarily", having volunteered for the office after the unexpected resignation of the previous Treasurer.

If you would like to make a difference in the Woodcreek Board of Directors, please attend the meeting on October 21. We'll have snacks!

THE DAYS DWINDLE DOWN

It's been a quiet summer here in Woodcreek, my home subdivision.

ComEd Scissorhands and His Hack 'n' Slash Crew chewed their way down the local roads, removing alledged obstacles to their delivery of electrical power. Apparently they were successful, although the effect on the foliage looks more like an attempt by Godzilla to create a topiary garden.

Tamarack Court and Pin Oak Court received a well-deserved resurfacing, making them the flattest roads in Woodcreek. The Great State of Kansas is jealous.

BLC Landscaping repainted the posts for the street signs; they're now whiter than white, and they are expected to disappear entirely in this winter's snowdrifts.

McHenry Township Fire Station 4 opened this summer, down on Dartmoor Drive in Legend Lakes, providing the west end of McHenry with faster response times to fire and medical emer-

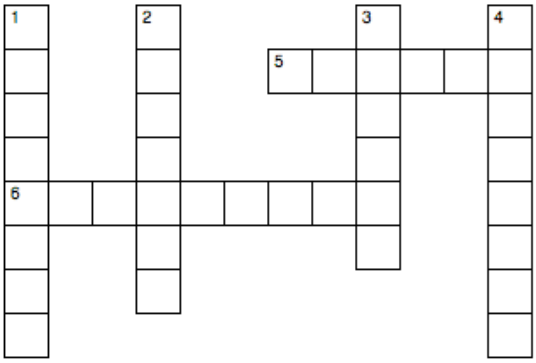

gencies. Not that we've needed their services, yet.

Woodcreek reasserted its dominion over the seas, erecting two new 'No Trespassing' signs along the southeast side of the retention pond. Plans for the laser fence have been put on hold, pending a review of our liability insurance.

And Easily-Identified Flying Objects were buzzing about, spraying the area for Gypsy moths. We were unable to reach the moths for their reaction.

Brain Tester!
